**New Business:** There are a couple of dead trees down by the lake that need to be removed.

Lot #153 has a utility easement and people are using it as a pathway. The property owners have requested others to not use it as it is their property.

Barry brought up that people are dumping leaves and limbs at the end of Emerald. The property owner does not mind the leaves but please do not put limbs down there or your fire pit debris. It is not association property so please follow the rules.

The pathway from Taylor Road to Easy Street is SVA property and can be used by members.

The bridge over Hunters Creek needs some attention. The board will look into that.
